

2018 8th Grade Class!!!!

Teacher 411: My name is Miss Colón; this is my fourth year as the 8th grade language arts and history teacher at UPCS; it has been a joy to be an educator at both campuses the last seven and half years.

This year, I am welcoming a student teacher for the first half of the year; Adrian Castaneda will be completing his single-subject history credential. He will be an incredible addition in co-teaching and supporting our students this school year. WE are eager to make this year at UPCS successful and memorable!

Here's what you need to do...

1. Read through this packet
2. Fill in the contact info form
3. Sign the media permission slip

We need YOU!!!!

It takes a village to raise children, and I strongly believe that our students will be successful if WE work together using effective communication and positive support.

Please support your son/daughter by:

1. Consistently checking their daily agenda for assignments and announcements
2. Looking at Parent Connect online for grades and progress
3. Encouraging them to complete homework
4. Emailing us directly with questions
5. Take interest in what they are learning in class!!! Ask them about their day!

Don't forget... PROMOTION & 8th Grade Breakfast in June!! WOO HOO!!

REQUIREMENTS: 2.0 cumulative GPA (combining all three quarters) AND 90 Dolphin Points

Communication is Key!

Parent Square will be utilized to keep families updated on class assignments, announcements, and upcoming events. It is recommended to check your email daily; if you would like immediate notifications, families are advised to download the Parent Square app for text message alerts and notifications.

Students can access **GoogleClassroom** for directions on certain assignments, slides for history notes, and needed information to be successful.

Essentially, there is little room for any confusion about assignments and the expectations of our classroom if you access these resources. We set very high standards for students, and we anticipate possible questions about due dates or the details of assignments; therefore, checking Parent Square and GoogleClassroom will relieve a lot of stress and confusion for both students and parents.

Let's make this year amazing!!!!

Believe
you can
— & —
you're halfway
there.

T. ROOSEVELT
